PORTFOLIO MANAGER(S)

PenderFund Capital Management Ltd.

Lead Manager:

Felix Narhi, CFA, Chief Investment Officer & Portfolio Manager

The Pender US All Cap Equity Fund is a high conviction portfolio of undervalued US equities. The manager focuses on long-term capital appreciation from a core of "compounders", as well as shorter term "close the discount" stocks that are more opportunistic in nature. He builds the portfolio through deep fundamental analysis of the underlying businesses. Businesses with attractive economic characteristics are purchased at a discount to our estimate of intrinsic value to build out this concentrated portfolio.

PORTFOLIO MANAGER(S)

FELIX NARHI, CFA

Mr. Narhi is Chief Investment Officer and a Portfolio Manager at PenderFund. He began his investing career in 1999 and advocates a business-like approach to investing. Sound investing is the process of determining the value underlying a security and then buying it at a considerable discount to that value. The greatest challenge is to maintain the necessary balance between patience and discipline to buy only when prices are attractive and to sell when they are dear. Mr. Narhi holds a Bachelor of Commerce degree from the University of British Columbia. He earned his CFA designation in 2003 and is a member of CFA Society Vancouver.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the simplified prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in net asset value and assumes reinvestment of all distributions and are net of all management and administrative fees, but do not take into account sales, redemption or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
